

RECONOCIMIENTO

DR. CARLOS PALADINES

La APPUCE otorga el presente diploma a:

PhD Pablo Andrés Menéndez Guerrero

Por la autoría del artículo publicado

- Cryptic diversity in toads of the *Rhinella marina* species group (Anura, Bufonidae) with a subjectively beautiful new species from Western Ecuador
- Long-term strict ant-plant mutualism identity characterises growth rate and leaf shearing resistance of an Amazonian myrmecophyte
- A polytypic species revisited: phylogenetic and morphological variation, taxonomic status, and geographical distribution of *Trachops* (Chiroptera: Phyllostomidae)

Distrito Metropolitano de Quito, 13 de abril del 2025
